

# Statewide Recognition for Sarah

Sarah has received statewide recognition for her work with the environment, with our children and education, and for her support of family farms and working families.

## Massachusetts Nurses Association

"Sarah Hewins is committed to her community, working for many years as both a volunteer and elected town official to better the lives of everyone around her."

## Environmental League of Massachusetts—Action Fund

"Sarah Hewins has already spent decades serving her community. Sarah Hewins has a long track record of defending the environment..."

## MASSACHUSETTS CHAPTER

## National Association of Social Workers—PACE

"While she may be known locally for her dedication to agriculture and conservation, it is her passion to serve the most vulnerable and least fortunate of her district that led to an endorsement from NASW-MA PACE."

## Mass Equality

"Sarah has been a strong leader in her community for many years, and we are proud to support her because of her commitment to fairness and equality for all."

## Cape Cod Cranberry Growers Association

"Sarah Hewins expends positive energy promoting healthy conservation practices and environmentally sound decisions as it relates to clean water, wildlife and other areas pertinent to the cranberry industry; Sarah believes working together and keeping herself educated on environmental issues best serve our precious resources."

## Progressive Massachusetts

"As a Selectperson, she has been a champion of environmental protection and a tireless advocate for students, seniors, and working families of all ages. Sarah understands the importance of investing in public education and public transit to quality of life, and she has proven time and time again that bold environmental policymaking can be full of win-win-win solutions."

## Massachusetts Teachers Association

"We can count on her to be a strong voice for working families and communities..."

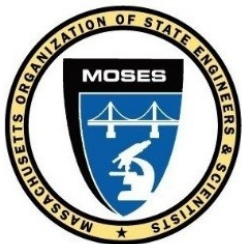

## Massachusetts Women's Political Caucus

"Sarah has a unique understanding of the issues surrounding the education formula for state aid to cities and towns."

## Sierra Club

"She has consistently demonstrated her dedication to agricultural, building and development policies that are both environmentally sound and serve the interests of all community members."

## Massachusetts Organization of State Engineers & Scientists (MOSES)

"We are proud to endorse and stand with you..."

## Massachusetts AFL-CIO

"She is a proven leader who is not afraid to stand up for what is right."
